Subject: FW: Revised Draft Area 1 Feasibility Study--Kalamazoo River

Steve,

I wanted to provide you with this link below to allow you and any CSTAG members a chance to review the Feasibility Study for Area 1 of Operable Unit 5 of the Allied Paper/Kalamazoo River site. I want to formally get CSTAG involved with the project and this would be a good place to start. I am going to be out of the office until 8/20, but I thought you could get things rolling on your end. When I get back we can talk about setting up a meeting and a path forward for CSTAG involvement.

Thanks  
Jim Saric

Subject: Revised Draft Area 1 Feasibility Study

Dear Mr. Saric,

On behalf of Georgia-Pacific LLC, this email transmits the draft revised Area 1 Feasibility Study (FS) for federal and state review.

The Area 1 FS has been posted on an FTP site, and can be accessed using the instructions near the bottom of this email. Please note that, due to file sizes, the document has been uploaded as multiple PDFs. Please note that the FTP site is best accessed from Windows Explorer and not an internet browser.

Hard and electronic copies of the documents are being sent out via overnight courier for delivery to the distribution list indicated on the attached cover letter.

Please contact Chase Fortenberry with any questions you may have concerning the Area 1 FS.

Regards,

Garret E. Bondy, PE

Your "Project" FTP site has been set-up

Your "Project" FTP site has been set-up and a 'Test' folder created to ensure everything is working well.

You can use your FTP (file transfer protocol) site to exchange large files with colleagues and clients without using email.

To open your FTP site

[<http://is.amecnet.com/announcements/examples/images/am-ap-ftp.jpg>]

- \* This is the unique link to your FTP site  
<ftp://kzooarea1FS:kzooFS@amftp.amec.com/>
- \* Do not click the link! Use the following steps for quick and easy access...
- \* Copy the above link
- \* [<http://is.amecnet.com/announcements/examples/images/mycomp.jpg>] Right-click on the My Computer icon on your desktop and select Explore
- or
- Using your keyboard, press and hold the Windows key and tap the letter E to display My Computer / Windows Explorer
- \* Paste the link you copied from above into the Address box and click Go or press Enter  
(You can type the details into the Address box if you prefer...)
- \* The site should open automatically for you (if not, see 'Tip' below)
- \* You can now copy files into your FTP site, create sub-folders if required, then email the same link to colleagues or external clients and easily exchange large documents

---

Tip

If the above does not work for you, to open the FTP site -

- \* Click this link <ftp://amftp.amec.com>
  - \* A window opens displaying -  
FTP root at amftp.amec.com
- Click the Page button [<http://is.amecnet.com/announcements/examples/images/page.jpg>] (or the View menu option) and then select  
Open FTP Site in Windows Explorer

- \* When asked for username and password enter these details
  - \* Username – kzooarea1FS
  - \* Password – kzooFS

For more information please contact the IT HelpDesk or log your query online<<http://ithelpdeskonline.amec.com/>>

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
